INSERT NEW Finding of Fact 67: Notwithstanding any other provisions of this order, TEP and APS shall evaluate all bids, including those that may cover hours of the year designated as RMR hours, to determine whether or not they provide benefits to consumers.

Rationale:

Regardless of what the minimum solicitation may be, this solicitation will operate at its best if bidders are encouraged to provide all feasible market solutions to energy and capacity needs. Future RMR studies will benefit from information gathered from bids made in this solicitation by having access to market-based solutions that otherwise would not be available.
